IntervalZero

Product Release Notice

Update 2 for RTX 2016

General Availability Release Date

February 20, 2018

Product Overview

Update 2 for RTX 2016 is the latest update to the 32-bit version of IntervalZero's market-leading hard real-time RTX 2016 software product. Update 2 for RTX 2016 can be downloaded here.

Resolved Issue

Resolves an issue where the Real-time Subsystem would fail to start and cause a reboot after applying the Microsoft security updates to fix the Meltdown-Spectre issue. For more information on this issue, please refer to Windows Security Updates not Supported by IntervalZero Products.

Activation & Licensing

Update 2 for RTX 2016 requires RTX 2016 to already be installed and licensed. The IntervalZero product licensing system allows for flexibility in how features are activated and deployed. Please click here for an overview of IntervalZero product licensing.

For additional information on deployment, please refer to the *RTX Deployment Guide*.

Availability

Update 2 for RTX 2016 is available beginning February 20, 2018 through Partners and by contacting Sales: sales@intervalzero.com or (781) 996-4481.

We look forward to any comments and feedback. If you have recommendations, or wish to suggest product enhancements, please contact Product Management at: productmanagement@intervalzero.com.
