IntervalZero

Product Release Notice

Update 3 for RTX64 3.6

General Availability Release Date

October 28, 2019

Product Overview

Update 3 for RTX64 3.6 is the latest update to the 64-bit version of IntervalZero's market-leading hard real-time RTX64 3.6 software product. Update 3 for RTX64 3.6 can be downloaded here.

Features and Resolved Issue

- Resolves an issue where the Subsystem would sometimes hang on startup under stress conditions.

- Resolves an issue where the Subsystem could cause a Blue Screen during a normal Windows shutdown when multiple real-time processes were active. (8501)

Activation & Licensing

Update 3 for RTX64 3.6 requires RTX64 3.6 to already be installed and licensed. The IntervalZero product licensing system allows for flexibility in how features are activated and deployed. Please click here for an overview of IntervalZero product licensing.

For additional information on deployment, please refer to the *RTX64 Deployment Guide*.

Availability

Update 3 for RTX64 3.6 is available beginning October 28, 2019 through Partners and by contacting Sales: sales@intervalzero.com or (781) 996-4481.

We look forward to any comments and feedback. If you have recommendations, or wish to suggest product enhancements, please contact Product Management at: productmanagement@intervalzero.com.
